

TENTERDEN BOWLS CLUB NEWSLETTER - April 2020

Hello Everyone,

We trust you are all well and surviving our strange circumstances. If anyone needs any help or just someone to talk to please ring Judith on 762200.

The Green: The Thursday morning work team has been continuing the good work of keeping the green tidy although the damage is still visible. A specialist greens man has been consulted and has been helping Phil and Roger with the remedial work. Phil is thankful for those who are sweeping the green every day.

Social events:

The Meetings held at the beginning of March were well attended but of course since then everything has come to a halt. Chris has made valiant efforts to get some events on the computer but because we all have different systems and availability of WiFi this is proving very difficult.

David Crisp Many of you will know that David sadly died on the 10th of April. It is sad because of the virus only 10 people can attend his funeral on the 12th of May. We send our sincere condolences to Joy and I am sure that when the time is right we will help her celebrate Dave's life.

Bowling:

Obviously we are unable to open the green officially but if anyone wants a roll up as their daily exercise then please enjoy using only rinks 4, 5 & 6 which have been set up. A reminder that this should be

after midday. Also remember to keep the appropriate distances and carefully washing your hands afterwards with the sanitizer in the club house.

Should we be given a little more freedom by the end of June, Terry Joint will organise a limited series of internal competitions. The date for entry will be changed so that people can join in if they wish.

The club house:

The council has agreed that we should do a complete new build as this will be more cost effective. They have agreed to pay the substantial extra cost of the planning approval etc.

The 100 club has been drawn and the winners are

1st prize John Link

2nd prize Eileen Masterson

We hope to see some you on the green sometime and as many as possible at our various meetings when they eventually happen.

Judith and Terry
