

## TENTERDEN BOWLS CLUB NEWSLETTER - June 2020

Hello Everyone,

We trust you are all well and surviving our strange circumstances. If anyone needs any help or just someone to talk to please ring Judith on 762200.

### **Buildings and Green:**

The Thursday morning group have continued to work hard on the green and surrounds. We need rain! The equipment shed and changing room roofs have now been made waterproof.

Thank you to the ladies who also go down on a Thursday to make coffee for the workers and who have cleaned the toilets and the club house.

### **Bowling:**

Terry Joint has sent out the programme for all those who have signed up for club competitions and the internal league. The green is now playing well on all rinks thanks to the hard work of those who are in the working party especially Phil, Alan and Derrick.

Terry J has also sent out the rules for play. There will be no markers and one person of the pair will keep score. Thus enabling safe distancing. All the equipment is in the club house to reduce the number of places you need to enter.

To book rinks please contact Terry J either by phone or email.

### **The club house:**

Phil, Jenny and John will be meeting town councillors next week to discuss how we progress with the club house rebuild in the light of the council's plans for the recreation ground.

Geoff continues to look for funding but due to the present circumstances is not having much success.

**The 100 club** has been drawn and the winners are

1<sup>st</sup> Peter Drury

2<sup>nd</sup> Ray Ford

We hope to see some you on the green sometime soon.

Judith and Terry
