Newsletter July 2026

Hello to everyone.

We are over half way through the season and the weather has kept us going, although it has been tough for the greensmen to keep the green looking its usual luscious green as we all await some rain for our gardens as well!

We hope this finds you fit and able to keep motoring through to the finish line in September. We still have a good few games to play, so please continue to sign up, either on the noticeboard or online, so that we don't have to scour around for enough players. Lifts are always available for the away matches if you can't drive yourself – just ask the team captains and they'll organise this for you.

We have had some mixed results in our friendly matches, but even when we lose it's so good to play our neighbours and share our news together.

The Weald League teams are doing amazingly well this season:

Team A Division 3 are lying 3rd with a game in hand so close to being promoted!

Team B Division 4 are joint 1st with Paddock Wood so may also get promoted at the end of the season.

Keep up the good work everyone and let's hope for a big celebration in a month or so.

The Mermaid League is looking promising as we lie 4th out of 9 teams with 49 points. It's impossible to catch Fairlight who have 70 points, but with an extra shove we could squeeze into 3rd place.

This weeks club night, Thursday 23rd, will go ahead as usual even though it doesn't appear in your fixtures book.

Last Thursday we played our first internal match as Aussie Pairs and it turned out to be a really enjoyable evening. We will try to 'squeeze' in another match when we have space in the fixtures book so watch out for the details to come.

Dates for your diary:

We had to cancel 2 Mermaid games due to the very hot weather. They have now been re scheduled as follows:

Pett at home on Sunday 26th July and Rye away on Sunday 16th August

Please add these dates to your fixtures book

Our friends at Breton Court have invited us to their BBQ and 60s boogie on Saturday 1st August

Very best wishes, Derrick (Club Captain) and Vicki (Vice Captain).
